Dear Mr. Hedberg:

Re: 1993 Annual Report

This letter is written responding to your December 13, 1993 letter to Mr. William Almas of Energy Fuels Nuclear, Inc. (EFNI), requesting 1993 Annual Report Forms to be completed for the following mines:

<u>Mine Number</u>	<u>Mine Name</u>
M/037/003	Patti Ann
M/037/019	Far West
M/037/038	Repete
M/037/028	MiVida

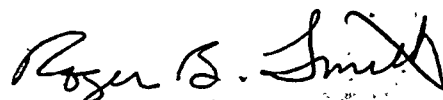

Each of the above referenced mines were reclaimed during 1992-1993 and results of this effort inspected and approved by the Utah Department of Natural Resources, Division of Oil, Gas and Mining (UDOGM), Senior Reclamation Specialist, Mr. Holland Shepherd. Thereafter, enabling each bond (reclamation responsibility) to be substantially reduced to address only the expense of reseeding each site. These properties have already demonstrated seed germination and significant plant propagation during the two summer growing seasons following completion of reclamation. It is expected that UDOGM will authorize full bond release for these properties during 1994 and 1995. Therefore, EFNI requests UDOGM to wave further requirement to continue yearly submittal of the Annual Report of Mining Operations for these mines.
